Board games, logical games,  
books, outdoor activities.

# Dovilė Palavinskaitė

After finishing 120 hours WEB development in "Vilnius Coding School" and 90 hours Front-end development courses in "Udacity" i have got theoretical and practical knowledge of HTML5, CSS3, JavaScript and PHP. I am still learning web development by myself. My goal is to get a very good knowledge in front and back-end and become a professional programmer. I'm looking for opportunity to start my career in IT company.

#### Education:

2009-2013 – Information management. Vilnius university, the bachelor of information and communication.

#### Programming courses

2018 02 –now. I'm currently learning WEB development (HTML, CSS, JS) by my own in "Udacity", "Udemy" and other learning platforms.

2018 01 – 2018 02 05. WEB development courses in "Vilnius Coding School". In 120 hours of intensive learning i achieved theoretical and practical knowledge in Web development: HTML5, CSS3, JavaScript, PHP, Wordpress, SQL, GIT, LESS.

2017 11 14 – 2018 01 08 – Front end Development Courses, „Udacity“ (90 hours).

#### Work experience:

2017 10 – now. Freelance copywriter.

2016 10 – 2017 10 – marketing specialist, "Vilnius Coding School". Planning and implementation of marketing and advertising campaigns, writing articles and press releases about IT and programming, website administration, social networking management.

2013 06 – 2016 10 – Account coordinator, communication agency "Ad verum". Analysing clients needs, preparing and managing communication plan, preparing of press releases and articles, preparing regular client reports and media monitoring, working as part of an account team to develop client proposals and implement the PR activity, managing events, including press conferences and promotional events.
